

Delaware Township

RESOLUTION 2012-6

BE IT RESOLVED, Delaware Township does not endorse the Pike County 2012 Hazard Mitigation Plan.

We specifically have concerns of adopting and embracing Action number 1, listed on Page 182 of the report, dealing with the adoption of the as yet unwritten County or State Act 167 Plan.

The model resolution provided indicates acceptance by default of any action by the County and Delaware Township cannot concur with such unilateral removal of the rights of our residents.

BE IT FURTHER RESOLVED, that Delaware Township will notify all other municipalities in Pike County of our action for their consideration.

ADOPTED AND APPROVED this 11th Day of April, 2012.
